It's always best to be Proactive
Instead of Reactive

I was born in Southern California, a moved to Bend, OR when I was nine. I have been living in Central Oregon since, enjoying all the greatness the area has to offer.

In my culinary journey, I haven't spent much time in the classroom. Most of my experience I received while working my way from Dishwasher to Food Service Director.

I joined the Sodexo team at Central Oregon Community College June 2009
